Multicultural Film Making presents

Movie 「ニュー・トーキョー・ツアー」 New Tokyo Tour 1 Day Screening

Multicultural Film Making: Creation of a movie by people of various roots (MFM). While sharing thoughts and feelings about the "city" in which we live in, from the perspective of people with various backgrounds, a fiction movie was created related to the theme of "the new city".

This screening event is divided into two parts: the morning session and the afternoon session. The morning session comprises short interviews of the MFM members about their backgrounds and talks about the video works they have created. The afternoon session consists of screening of the fiction movie 「ニュー・トーキョー・ツアー」 along with making-of the video, which captures the process of film production as well as talks by the director and members. Through this screening event, we will explore new perspectives and expressions arising from the project and the appeal of "creating" with others.
